PRO'S:

1. **50% of total ingredients are Peptides.** No other Serum contains this high a percentage as far as we have seen. 75% of skin is comprised of Collagen, which breaks down as we age. The good news is; new Collagen can be generated. Peptides promote the growth of Collagen. Excellent for reducing crow's feet, deep wrinkles & fine lines.
2. **Matrixyl 3000: 15% Strength.** Matrixyl® 3000 Shows Great Results in Repairing Photo-Aged Skin and Broken Collagen in Skin. This Anti-Wrinkle Active ingredient decreases Crow's feet wrinkles by 33% in two months. (Source: Sederma Manufacturer)
3. **Argireline: 25% Strength. The Natural Alternative to Botox®.** Clinically proven to reduce wrinkle depth by 30% after 30 days. (Source: Lipotec Manufacturer)
4. **Snap-8 Peptide: 10% Strength.** Reduces the Depth of Wrinkles Caused by Facial Muscle Contractions, being a Topical Alternative to Injections. SNAP-8 reduces muscle contractions and wrinkle depth is reduced up to 63% in one month of treatment. Fine lines & expression wrinkles fade, and the face look smoother. (Source: Lipotec Manufacturer)
5. **Vitamin C:** Incredible skin firming Anti-Oxidant. This special form of Vitamin C protects the water-soluble structures of the skin from Free Radical damage. It stimulates Collagen growth to maintain and improve skin tone, firmness, flexibility, and elasticity.
6. **Vitamin E:** Excellent Anti-Oxidant improving skin hydration giving you soft, healthy skin. Helps lighten brown age spots.
7. **Hyaluronic Acid:** The Best Skin Hydration Discovered. Hyaluronic Acid (HA) is a "moisture magnet" and is perfect for rehydrating dry, thirsty, aging skin. Hyaluronic Acid can hold up to 1000 times its own weight in water creating super-hydrated skin.
8. **White Tea Fragrance:** White Tea is has the highest Anti-Oxidative power of all the tea's, even more than Green Tea. Albeit, it is the last ingredient and it is a fragrance; every bit of Anti-Oxidative power helps your skin.
